Details and 1500+ colleges in 50 states listed at www.nocti.org/nccrs.cfm

VETERINARY ASSISTANT

51.0808, Veterinary /Animal Health Technology/Technician & Veterinary Assistant

Direct Articulations

Harcum College, 3 credits

WELDING

48.0508, Welding Technician/Welder

College in the High School – Pennsylvania College of Technology

Enrollment is at the beginning of each semester to take one or more of the following courses in your CareerTech program, must pass placement test:

WELD 114 – Shielded Metal Arc I – 2 credits

WELD 116 – Shielded Metal Arc II – 2 credits

WELD 120 – Gas Metal Arc I – 2 credits

WELD 123 – Gas Tungsten Arc I – 2 credits

WELD 124 – Gas Metal Arc II – 2 credits

WELD 129 – Gas Tungsten Arc II – 2 credits

WELD 132 – Flux Cored and Sub-Arc I – 2 credits *(pending course approval)*

WELD 136 – Flux Cored and Sub-Arc II – 2 credits *(pending course approval)*

Program of Study (POS) Statewide Articulations, SOAR

CareerTech will produce the paperwork for each senior whether they are or are not eligible to be exempt from the following credits at the following post-secondary schools. Visit

www.collegetransfer.net for details:

Clarion University of PA – 9 credits

Community College of Allegheny County – 6 to 9 credits

Delaware County Community College – 6 credits

Harrisburg Area Community College – 9 credits

Northampton Community College – 10 credits

Pennsylvania College of Technology – 12 credits

Pennsylvania Highlands Community College – 11 credits

Thaddeus Stevens College of Technology – 9 credits
Westmoreland County Community College – 2 credits

Direct Articulations

Complete articulation form with teacher/counselor to apply to be exempt from these credits at this post-secondary schools:

Pittsburgh Technical College – 3 credits

NOCTI Recommended College Credit Awards

Pass your written NOCTI assessment to receive your recommended credit waiver emailed to you:

3 credits – Recommended to be awarded in Manufacturing Technology, Metal Technology, or Welding Technology.

1 to 2 additional credits may be awarded based on successful completion of the performance component.

Franklin County Career and Technology Center - Articulation Agreements and College Credits

An Articulation is a planned process of curriculum development, instructional strategies and administrative procedures, which link educational agencies with other educational agencies or with industries. All CTE programs are responsible for providing articulations to students. Students can be credited with college coursework if they plan to continue their education at a post-secondary school that has an articulation agreement with the FCCTC. College articulation agreements exist for all FCCTC programs. At FCCTC we offer two types of articulation agreements: a) Statewide Articulation and b) Direct Articulation as described below:

a. Students Occupationally and Academically Ready (SOAR) – Statewide Articulation

The SOAR Statewide Articulation is the career and technical POS educational plan that articulates the secondary career and technical programs to post-secondary degree, diploma, or certificate programs. SOAR programs lead students into a career pathway that align the secondary courses to a post-secondary program to complete a degree or certificate through a statewide articulation agreement. BCTE has established statewide articulation agreements with various post-secondary schools in PA. Students who complete all POS competencies and meet other academic requirements are eligible for **FREE** college credit under this program if they complete 100% of the POS. For more information see flyer below, ask school counselor, or go to: <http://www.education.pa.gov/K-12/Career%20and%20Technical%20Education/Programs%20of%20Study/Pages/default.aspx#.V2hRn9XD-Uk>

SOAR Program Agreement: Articulation for **FREE** advanced credit transfer is made possible when Perkins-allocated postsecondary institutions and Pennsylvania secondary schools offering SOAR programs agree to the terms and conditions stated in the Perkins Statewide Articulation Agreement. This agreement outlines the general agreement conditions between secondary and postsecondary institutions and student qualification measures allowing for the student to acquire postsecondary education credits leading to an industry-recognized credential or certificate at the postsecondary level or an associate or baccalaureate degree. See the following link to watch a presentation on SOAR at the following link:

<http://www.delcotech.org/wp/wp-content/uploads/SOAR/player.html>

SOAR Advanced College Credit Opportunities:

SOAR Programs offer qualifying students **FREE** advanced credit(s) with partnering postsecondary institutions in aligned CTE programs. To view current advanced credit opportunities articulated with postsecondary institutions, go to the equivalency search results at the following link:

<http://www.collegetransfer.net/Search/PABureauofCTESOARPrograms/tabid/3381/Default.aspx>

To see the articulations for a specific FCCTC program use the drop down arrow to select the Program of Study and then select the year of graduation then click search.

SOAR Requirements and Documentation

This Articulation Agreement and the awarding of **FREE** college-level credit or equivalent clock hours is acceptable for up to three (3) years after the student has graduated from the Program of Study at the Secondary School. In circumstances when a student delays entering a related Program of Study at the Postsecondary Institution beyond the three years may be handled by other Postsecondary Institution policies, such as credit by exam or prior learning assessment.

In order for students to be eligible for SOAR Articulation Agreement, the secondary CTE and Sending Schools and student must both complete all the listed criteria as outlined below:

Under the terms and conditions of this Agreement and based on the following principles, college-level credit will be granted to students when all the student criteria listed below is achieved and proper documentation is submitted.

The CTE & Secondary School must:

- A. Implement the approved PDE Program(s) of Study.
- B. Provide assessment of student competencies based upon performance standards as prescribed by the approved PDE Program of Study.
- C. Furnish documentation necessary to the Postsecondary Institution upon a student's written request. Documents should be student specific and should verify that the student meets all secondary requirements of the approved PDE Program of Study.
- D. Provide documentation to the postsecondary institution that must include each of the following items, if applicable
 - i. High School Diploma;
 - ii. Official Student Transcript;
 - iii. Secondary Competency Task List with the signature of a secondary school technical instructor;
 - iv. PA Certificate of Competency or PA Skills Certificate in technical program area and
 - v. Industry certifications earned

Students must:

- A. Earn a high school diploma, achieve a minimum 2.5 grade point average on a 4.0 scale in the technical courses and complete the Secondary School component of the approved PDE Program of Study.
- B. Achieve competent or advanced level on the Secondary School end-of-program assessment that is appropriate to the approved PDE Program of Study.
- C. Achieve proficiency on all of the approved PDE Program of Study Secondary Competency Task List.
- D. Furnish documentation necessary to the Postsecondary Institution upon written request. Documents should be student specific that verify that the student meets all secondary requirements of the approved PDE Program of Study.
- E. Provide documentation that must include the following items, if applicable:
 - i. High School Diploma;
 - ii. Official Student Transcript;
 - iii. Secondary Competency Task List with the signature of a secondary school technical instructor;

- iv. PA Certificate of Competency or PA Skills Certificate in technical program area and
- v. Industry certifications earned

For more information about Pennsylvania Statewide Articulation Agreement see the following link: [Articulation Agreement](#). The process for ensuring that FCCTC fulfills all obligations related to this Agreement we will implement the following process.

- A. We will print a copy of all articulation agreements from [collegetransfer.net](#) and post them in counseling office and each program for teacher and student awareness.
- B. CTE program teachers will work with counselor to complete the POS Perkins Statewide Articulation Agreement Documentation including POS Secondary Competency Task List (accessible as a pdf document at: [collegetransfer.net](#)) for each graduating student enrolled in their program each year at least 10 days before the end of each semester. The teacher will print and sign two copies of this document and give one to the respective student to keep for their record and then forward the other copy to the FCCTC counselor to place in each student's permanent record.
- C. The FCCTC and Sending School Counselors will assist teachers and provide requested information as needed to complete this Documentation. The FCCTC Counselor will be responsible for filing a POS Perkins Statewide Articulation Agreement Documentation packet for each student in their permanent record. School counselors are also responsible for providing SOAR related documentation to students and post-secondary institutions upon request.

b. Dual Enrollment/College in the High School and Direct Articulation Agreements

Today's world is a globally competitive one. All Pennsylvania students must graduate from high school prepared for college and careers in our global economy. The FCCTC has created partnerships with area colleges that enable our students to earn **FREE or reduced** college credits while simultaneously completing high school CTE programs of study. These articulation agreements enable qualified high school students to enroll in college level courses at their technical school (CTE) during the regular school day by taking programs or courses that are duplicative with a course provided at designated post-secondary institutions. These college level classes are offered during the school day and are offered at a reduced rate. They are taught by FCCTC program instructors, who serve as adjunct faculty, or in some cases the faculty from the college.

Please see our counselor and review the FCCTC Dual-Enrollment Directory titled for more information.

How College in the High School Works

- 1) Students should contact the Post-Secondary Institutions for questions related to receiving **FREE or reduced** credits and transferring these credits. The phone numbers to call for help are listed below for each school:
 - a. HACC – 717-337-3855 ext. 119903
 - b. HCC – 240-500-2412
 - c. Penn College – 570-320-2400 ext. 7549
 - d. Wilson College (available soon) – 717-262-2002
- 2) HACC/HCC/Penn College/Wilson and FCCTC identify courses that may be offered to qualified, capable students.
- 3) A CTE teacher is approved and trained to teach the course.
- 4) The FCCTC student applies for the Dual Enrollment/College in the High School program and pays the required tuition and fees, if applicable.
- 5) At the end of the course the student receives a grade for the course on both a HACC, HCC, Penn College or Wilson transcript and the high school/FCCTC record.

Goals and Benefits:

- 1) Prepare students for post-secondary success by giving them firsthand exposure to college-level work.
- 2) Support students as they make the transition from high school to post-secondary education.
- 3) Increase student's access to postsecondary education.
- 4) Dual Enrollment increases the rigor of the CTC curriculum.
- 5) Dual Enrollment provides students with the opportunity to enter post-secondary education with up to 15 **FREE or reduced** earned college credits.
- 6) Completing college credits gives college-bound high school students a head start and eases the transition from high school to college.

c. National College Credit Recommendation Service (NCCRS) – through NOCTI

NOCTI collaborates with the National College Credit Recommendation Service (NCCRS) to evaluate all of its credentials. Experienced industry experts and professors evaluated the rigor of the NOCTI assessments to translate the content into college credit equivalencies. Directions to obtain the NOCTI Recommended **FREE** College Credit are at this link: <http://www.nocti.org/nccrs.cfm>

List of cooperating colleges/universities, eligible assessments, assessment content, and **FREE** recommended credit: <http://www.nationalccrs.org/colleges-universities>

Details:

- a. Contact NOCTI for more information at 231-796-4890.
- b. Students must meet a 70% benchmark on an approved NOCTI multiple-choice credential to be eligible.
- c. A College Credit Recommendation Report will be generated for each eligible student at no additional cost.
- d. Communicate with the college the student plans to attend to see if an "official" transcript is needed or if the free "College Credit Recommendation Report" generated as part of the NOCTI score report package will suffice.
- e. An "official" transcript may be obtained through Excelsior College for \$60.00 per test per student. Because each college is different, confirm the college will accept a transcript from Excelsior prior to completing an application.
